

| Nr. | Maschinentyp                              | Marke               | Arbeitsbereich                      |
|-----|-------------------------------------------|---------------------|-------------------------------------|
| Nr. | Type of machine                           | Brend               | Capabilities                        |
| 1   | CNC Drehmaschine                          | HAAS ST 20          | Ø 381x533                           |
|     | CNC Lathe                                 |                     |                                     |
| 2   | CNC Dreh und Fräse Bearbeitungszentrum    | HAAS ST 20 Y        | Ø 298x572                           |
|     | CNC Universal Turning and Milling Centrum |                     |                                     |
| 3   | CNC Dreh und Fräse Bearbeitungszentrum    | HAAS ST 20 Y        | Ø 298x572                           |
|     | CNC Universal Turning and Milling Centrum |                     |                                     |
| 4   | CNC Dreh und Fräse Bearbeitungszentrum    | HAAS ST 30 Y        | Ø 349x826                           |
|     | CNC Universal Turning and Milling Centrum |                     |                                     |
| 5   | CNC Dreh und Fräse Bearbeitungszentrum    | HAAS ST 30 Y        | Ø 349x826                           |
|     | CNC Universal Turning and Milling Centrum |                     |                                     |
| 6   | CNC Dreh und Fräse Bearbeitungszentrum    | DMG Mori CLX 450    | Ø 400x600                           |
|     | CNC Universal Turning and Milling Centrum |                     |                                     |
| 7   | CNC Dreh und Fräse Bearbeitungszentrum    | DMG Mori CLX 550    | Ø 480x1225                          |
|     | CNC Universal Turning and Milling Centrum |                     |                                     |
| 8   | CNC Drehmaschine                          | Wagner              | Ø 500 x 1000                        |
|     | CNC lathe                                 |                     |                                     |
| 9   | Drehmaschine - Konventionel               | Potisje             | Ø400x750                            |
|     | Universal lathe machine                   |                     |                                     |
| 10  | Drehmaschine - Konventionel               | Potisje Morando     | Ø 500X1000                          |
|     | Universal lathe machine                   |                     |                                     |
| 11  | Drehmaschine - Konventionel               | Potisje Morando     | Ø 440X750                           |
|     | Universal lathe machine                   |                     |                                     |
| 12  | Drehmaschine - Konventionel               | Potisje Morando     | Ø 600X1500                          |
|     | Universal lathe machine                   |                     |                                     |
| 13  | Drehmaschine - Konventionel               | Potisje Morando r   | Ø 500X1500                          |
|     | Universal lathe machine                   |                     |                                     |
| 14  | Drehmaschine - Konventionel               | Potisje Morando r   | Ø 500X1500                          |
|     | Universal lathe machine                   |                     |                                     |
| 15  | Drehmaschine - Konventionel               | Potisje Morando r   | Ø 500X1500                          |
|     | Universal lathe machine                   |                     |                                     |
| 16  | Drehmaschine                              | VDF                 | Ø1000x1000                          |
|     | Lathe machine                             |                     |                                     |
| 17  | Drehmaschine - Konventionel               | Magdeburg           | Ø 250x500                           |
|     | Universal lathe machine                   |                     |                                     |
| 20  | CNC Universal Bearbeitungszentrum 5 achse | Deckel Maho DMU 50V | 500x380x380                         |
|     | CNC Universal machining Center - 5 axis   |                     |                                     |
| 21  | CNC Universal Bearbeitungszentrum 5 achse | Deckel Maho DMU 70V | 700x550x500                         |
|     | CNC Universal machining Center - 5 axis   |                     |                                     |
| 22  | CNC Universal Bearbeitungszentrum 5 achse | DMG Mori CMX 70 U   | 700x550x500                         |
|     | CNC Universal machining Center - 5 axis   |                     |                                     |
| 23  | CNC Universal Bearbeitungszentrum 5 achse | DMG Mori CMX 50 U   | 500x450x400                         |
|     | CNC Universal machining Center - 5 axis   |                     |                                     |
| 24  | CNC Universal Bearbeitungszentrum 5 achse | DMG Mori CMX 50 U   | 500x450x400                         |
